Benefits of Membership

AFS members benefit in many ways, but here are some of them:

- Access to the Asian Australian Fisheries Science journal
- Receipt of the regular E-newsletter
- Networking of scientists with similar interests (e-groups etc), knowledge sharing between researchers, and dissemination of knowledge on the marine environment to the wider public
- Networking of scientists for development of research opportunities and multidisciplinary collaboration, including facilitation of grant proposals
- Participation in, and reduced registration for, the AFS triennial Forum, which is rotated across the region
- Participation in workshops
- Participation in activities of branches, which operate in many countries
- Student prizes and awards
- Mentoring of the next generation of marine scientists by leaders in different fields
- Contribution to government marine science policies
- Access to the AFS mailing list, which any member may use to disseminate information and to stimulate discussion on marine science matters
- Development of long-term friendships amongst individuals sharing common interest.
